**For the Information of Applicants**

1. Section 147.02(B) of the Revised Code provides that, with respect to the certificate appearing on the reverse of this page, no judge or justice shall issue such a certificate until he or she is satisfied from personal knowledge that the applicant possesses the qualifications necessary to properly discharge the duties of the office of notary public, or until the applicant has passed an examination under such rules and regulations as the judge may prescribe. Because the practice varies among counties, it is recommended that an applicant for commission as a notary public begin by inquiring of the bar association of his/her county or the clerk of common pleas court as to the procedure required by the common pleas court in his/her county.
2. A notary public whose term of office has expired before application for reappointment is made and who, knowing that the term has expired, has performed any notarial act after such expiration, is ineligible for reappointment. Therefore, an applicant who has held a commission, and who does not apply until after its expiration, must make and subscribe the affidavit on the back of this page before reappointment.
3. Fill in the blanks on the front of this application with your full name and residence address, including county. If the address is faulty or omitted, the commission cannot reach you.
4. R.C. 147.05 provides that, before entering upon the duties of the office, a notary public shall leave his/her commission (with the oath endorsed thereon) with the clerk of court of common pleas of the county in which the notary public resides. The clerk will record and index the commission.

Powers and duties of a notary public are set forth in sections 147.01-147.371, inclusive, of the Ohio Revised Code.

It wasn't the notary's fault but it cost him \$11,500 anyway.

It was a routine transaction, and there was no way the notary could have known the signature were forgeries. But they were. And, in the eyes of the court, the notary was at fault. This time the penalty was \$8,000 in damages, \$3,500 in court costs. Unfair? Sure. But for notaries public in a litigious society like ours, it's just part of the territory.

Fortunately, We've got the territory covered.

No one can say whether you'll ever be faced with a situation like the one just described. But, as a notary you are vulnerable. And, with major judgments against notaries now reaching tens of thousands of dollars, it's important to have someone in your corner should you find yourself faced with a lawsuit.

RLI requires no deductible... That's exactly why we're here. We protect notaries...beginning with the very first dollar in damages. In other words, we require no deductible. We pay every dollar of damages and legal costs right up to the policy limit - and that may mean up to \$30,000. So, should you ever be sued, you can relax - the chances are you'll never face an out of pocket expense.

No lengthy exclusions... Equally reassuring, you'll find our policies are not watered down with lengthy exclusions. In fact, we pride ourselves on offering the most comprehensive coverage in the industry. Our job is to protect you in case of claim...freeing you to do your job.

We pay defense costs... Having this kind of protection is more important than ever before because lawsuits against notaries are becoming more common every day. Forged, incomplete, or otherwise defective signatures all can cast doubt on the validity or date of a document. And when that happens, someone is to blame. Too often these days, the blame is placed on you - the notary. Worse yet, even if the suit is not valid you may not be spared the need to protect yourself from prosecution. And, without coverage you'll have to pay these defense costs yourself.

Make sure this doesn't happen to you. Your agent can get RLI's affordable coverage for you. Call today.
